## Wisconsin Freedom of Information Act Office

In the month or about February 2016, A Security Director by name of BRIAN BANTLEON refused or neglects to provide Grant with the names of food — service staff or food service workers.

Grant has allegations of food poisoning and allegations of food service staff and employees placing foreign objects in Grant's vehicle. WIS. STAT. 941.325; State v. Timm. Bankless states "Grant must obtain the names through his attorney."

Grant is an pro se (litigant) and an "pro se" litigant. See Grant v. Gill, et al., -Case No. 15-CV-420-JDP; Grant v. Hernandez, et al., -Case No. 15-CV-572-JDP in the United States District Court for the Western District of Wisconsin.

The freedom of information Act applies to Wisconsin Resource Center in my view in which it receives a federal subsidy, 5 U.S.C. § 552.

Wisconsin Public records law - WIS. STAT. 19.31-39. Under WIS. STAT. 19.32 (1) "authority" includes a "... board, commission,

committee, council, department or public body corporate and politic created by constitution, law, ordinance, rule or order... " and also includes a "quasi-governmental corporation".

Judicial precedent teaches that, for purposes of the Wisconsin Resource Center's status as a federal actor or instrumentality under the Constitution, the practical reality of federal control and operation prevails over Congress' disclaimer of Wisconsin Resource Center's - governmental status. Department of Transportation, et al. v. Association of American Railroads, 135 S.Ct. 1225; 191 L.Ed.2d 153; 2015 U.S. Lexis 1763; 83 U.S.L.W. 4145; 25 Fla. Weekly L.D. 3, 114, No. 13-1080, December 8, 2014, Argued, March 9, 2015, Decided.

Great moves and acts for the names of food service workers and/or food service employees here at Wisconsin Resource Center from 01 August 2015 through present; and/or penalize Security Director Brian Bartlett and/or Wisconsin Resource Center for not providing the names mentioned and requested names.

Thank You :)
